Easter Fiddlers Handicap Run

Easter Eggs Galore!

The Fiddlers is a monthly run, round a circuit of just under four miles. There is a cut off which allows beginners and youngsters to run a short "two miles". The handicap is intended to give all runners an equal chance of winning. Slower runners start up to 10 minutes before 7.30pm; fast runners up to 10 minutes after. Entrants who have not run before, are given a guestimate handicap, or can choose to run with a friend. The long and short course winners each hold a Fiddlers Trophy for one month.

As it's Easter, we're presenting Easter Eggs to the Winners of each course and anyone who participates will get a mini egg so come along and join in the fun!
